WHAT'S HAPPENING?

We've reached the final stage of Treaty settlement negotiations with the Crown. The Initialled Deed of Settlement (iDOS) is ready for you to review.

Our roadshow is your chance to:

- Hear what's in the proposed settlement package
- Ask questions and share your whakaaro
- Find out what happens next

Be assured you are not being asked to endorse the settlement in this hui. That's the next stage ratification hui which will run from May 2026.
